

ATTENTION SNAP PARTICIPANTS

If you participate in SNAP, here is what you need to know while the federal government is partially shutdown.

- **February SNAP benefits are being issued in January.**
- Your SNAP benefits for February will be added to your EBT card on January 17, 2019.
- These are February SNAP funds and there will **not** be another deposit until March.
- You can continue to **use your EBT card as normal** at any authorized retailer.
- **If you need to apply for SNAP or need to recertify**, you can still do this after January 17 — new SNAP applications and recertification will continue to be processed and we advise you to do this as early as possible.

Local food pantries and soup kitchens can help if your SNAP benefits run out in February. **If you need emergency help locating food, call 2-1-1 or visit www.211.org for a listing of nearby food pantries and soup kitchens.**
